Good morning, I hope you are doing well when you receive this letter.

I have a few questions regarding with the motion I was filling for my case on 10/25/2023.

- As up today unfortunately I haven't received any response whatsoever and I am still at MDC Brooklyn just waiting to move forward and try to work on my case.

- When I got remanded to MDC Brooklyn I told my attorney that I wanted to appeal for my remand order, and he is not helping me so far, neither he told me that there were a 30 days maximum time for that appeal. I have been here in very harsh conditions. I have no option to send emails, I can't have access to legal information to research since I have been in Lockdown almost all the time. This is a real nightmare for me and this is affecting me psychologically since I feel very unsecure surrounded by bad people and gangs. Is there any way I can have an appeal for this remand order so I can try to have a bail again?. I don't have legal experience and I am trying my best to communicate with you. Please I appreciate if you can help me in anyway you can.

- About the change in my attorney, I asked him for the discovery, I called him several times, I wanted to talk with him, but so far I haven't received anything from him at all.

I feel that my rights have been violated, I honestly believe in the US law system, and I believe the US government should protect my rights, I am in custody and I haven't been sentenced yet, but I feel that I have been treated as a convicted person already.

Thank you so much for reading my letter and I really appreciate all the help you can provide me, I am just desperate and I feel I have been forgotten in the system.

Regards
